*The road ahead for the students of Houston and their families
will be a long and difficult one.*

It is uncertain when their schools will reopen.

Over 40,000 homes have been lost.

Over 450,000 people will seek aid.

Over 20,000 people had to be rescued.

The health dangers are sobering.

September 11th—Patriot Day, is a day dedicated to honoring,
and paying tribute to those lost and injured during September 11, 2001.

Let us also remember in prayer and service those suffering in Texas.

Please be as generous as possible. Checks should be made payable to your school.
